CLEMSON UNIVERSITY

Graduation Exercises

August 12, 1989

Clemson, South Carolina

CENTENNIAL
1889-1989

Graduation

Saturday, August 12, 1989

11:00 a.m.

Littlejohn Coliseum

ORDER OF CEREMONIES

(Audience will please stand as faculty and candidates march in and remain standing for the invocation)

Invocation

The Reverend Thomas C. Davis
Holy Trinity Episcopal Church

Conferring of Honorary Degrees

President Max Lennon

Recognition of President's Award Recipients

Address to Graduating Class

Leslie G. McCraw, Jr.
President, Fluor Corporation

Conferring of Degrees and Delivery of Diplomas

President Max Lennon

Welcome to New Alumni

J. Ryan White
President, Alumni Association

Benediction

Frank W. Breazeale, Organist

Kevin Davidson, Soloist

Dr. John Jefferson Porter, University Marshal

Visitors are not allowed on the floor of the coliseum for photographic or other purposes until after the commencement address. Access to the floor of the coliseum will be allowed beginning with the conferring of degrees of the doctoral candidates. Please return to your seat promptly after making photographs in order to keep distraction on the floor at a minimum.

You are requested to refrain from loud expressions of pleasure for individual graduates. Such expressions frequently detract from the recognition due the next graduate in line.

Your cooperation is respectfully but urgently requested.

HONORARY DEGREE
MISS MARTHA FRANKS
DOCTOR OF HUMANITIES

Miss Martha Franks, retired Baptist missionary, has lived a life devoted to serving others. "Miss Martha," as she is affectionately known, retired in 1966 to her hometown of Laurens after a 41-year career in China and Taiwan.

Youngest of six children in a church-going family, her interest in becoming a missionary began to develop as a child in the Sunbeam Band, a Baptist organization for children, at First Baptist Church of Laurens. She made her commitment to foreign mission work while a student at Winthrop College, where she majored in education with emphasis on kindergarten work and earned a B.A. degree.

Miss Franks taught kindergarten in Virginia for two years, and then went to Louisville, Kentucky, to study at the Woman's Missionary Union Training School (now merged with Southern Baptist Theological Seminary) for a year. In 1925 she was appointed by the Foreign Mission Board and sailed for China.

Upon retirement, Miss Franks had given more than 40 years of service among the Chinese. She had lived through their wars and revolutions and was twice interned by hostile armies. She had witnessed their sufferings under the repressive regimes of the Japanese and the Communists and had felt the effects of the great social and political upheaval which was to alter profoundly the old China she had known.

Her last overseas post was Hsinchu, Taiwan, where she worked in a church for a year before her return to the States in 1965. Previously she was dean of women at Baptist theological seminaries in Taipei, Taiwan, and Shanghai and Hwanghsien, China, and educational and evangelistic worker in Hwanghsien and Tsining, China.

There are many stories about her warmth, wit, persistence and versatility. She played the accordion for street meetings in Taipei, attracting crowds from which came the nucleus of True Light Baptist Church. She taught a seven-year-old blind boy to read by forming Chinese characters for him with marbles placed in a tray of sand. And she drove a panel truck from Laurens to San Francisco so she could take it to Taiwan for use in Baptist work.

Since returning home, she has directed her energies toward the establishment in Laurens of a Christian retirement center for retirees from all faiths. Ground was broken in 1983, and today, the Martha Franks Baptist Retirement Center is among the finest in the state. But Miss Franks' work in her "retirement" years has not been limited to her concerns for the aging.

She began a new ministry among her own people, driving to places throughout the Carolinas and Georgia to fulfill a heavy schedule of speaking engagements, mostly to high school students, to tell them first-hand about the oppressions of Communism.

It has been said of her that, "Wherever Martha Franks goes, she leaves a trail of sunshine." Others have said, "In joy, sadness, illness, despair, disappointment, or triumph, she always knows exactly what to say, when to say it, and how to say it."

Clemson University is honored to recognize and salute the life's work of a great humanitarian, Miss Martha Franks, through the presentation of this honorary doctoral degree.

HONORARY DEGREE
HOWARD ALLEN SCHNEIDERMAN
DOCTOR OF LETTERS

Dr. Howard A. Schneiderman is senior vice president of research and development and chief scientist at the Monsanto Company of St. Louis, Missouri.

Dr. Schneiderman joined Monsanto in 1979 and can be credited with the company's bold moves into the field of biotechnology. He has been a key player in establishing Monsanto as a leader in basic and applied biotechnology research. Dr. Schneiderman also has forged university-industry programs for basic research in biology which are among the most successful anywhere.

In 1987 Clemson joined with Monsanto as an academic collaborator in a research partnership to field test a genetically engineered soil microorganism developed by Monsanto scientists.

Dr. Schneiderman serves as an Advisory Director to the Monsanto Board of Directors and a member of the company's Executive Management Committee. He is a member of the Board of Directors of G. D. Searle & Co., a pharmaceutical company wholly owned by Monsanto.

A New York native, he earned his B.A. degree at Swarthmore College, graduating with high honors in mathematics and natural sciences, and his M.A. (zoology) and Ph.D. (physiology) degrees at Harvard University.

An avid backpacker, he is a member of the Board of Trustees of the Marine Biological Laboratory at Woods Hole, the Carnegie Institution of Washington, the Expert Committee for the Secretariat of the Organization for Economic Cooperation and Development, many professional societies, and he was on the Board of the Woods Hole Oceanographic Institution.

He is presently a member of the visiting committees of Harvard University and Carnegie Mellon University and is an Adjunct Professor of Biochemistry and Biology at Washington University in St. Louis. He is a member of the Board of Trustees of the Missouri Botanical Garden. He also remains professor on Leave at the University of California, Irvine, where he maintains an active professional interest in research in developmental biology.

Dr. Schneiderman has been a member of many editorial and advisory boards and continues to edit a series of textbooks in biology. He has authored more than 200 published research papers on various subjects, including developmental biology and genetics, insect biochemistry, and plant growth. More recently he has published various articles on industrial biotechnology and on university-industry interactions.

In 1975 he was elected a member of the National Academy of Sciences and a Fellow of the American Academy of Arts and Sciences. In 1983 the University of Nebraska gave him the Gustavson Award, and the Entomological Society of America named him recipient of its Founder's Memorial Award. He holds a Presidential appointment to the National Science Board. His term will expire in 1992.

Clemson University holds Dr. Howard Schneiderman and his distinguished achievements in the highest regard, and it is both an honor and a pleasure to award this honorary doctoral degree to him.

The President's Award

JOHN B. AMOS

LESLIE G. McCRAW, JR.

JOHN B. AMOS

John B. Amos heads a multimillion dollar insurance and communications organization from its corporate headquarters in Columbus, Georgia. He is chairman and chief executive officer of American Family Corporation and American Family Life Assurance Company, which he founded in 1955.

American Family Corporation is a holding company with various subsidiaries. One of them, American Family Life Assurance Company, has become the world's leading seller of cancer insurance. Other subsidiaries include a broadcast group of eight TV stations and a diversified printing and communications operation.

His ties with Clemson began during the University's campaign to build the Strom Thurmond Institute Building. He was the largest single benefactor toward construction of this project. Long a friend and admirer of South Carolina's senior senator, Mr. Amos currently is serving as national chairman of the \$3.7 million campaign to endow the Strom Thurmond Institute of Government and Public Affairs.

He is a native of Enterprise, Alabama, and is a champion of America's system of free enterprise. At age 14, Mr. Amos founded a weekly newspaper in Florida and was its editor and publisher for five years. He studied pre-law at the University of Miami and earned his J.D. degree at the University of Florida Law School in 1949.

His honors include the "Georgian of the Year" Award presented in 1986 by the National Association of Broadcasters. In 1987 Mr. Amos was named by **Forbes Magazine** as the chief executive officer of the most innovative insurance company.

LESLIE G. McCRAW, JR.

From his boyhood in the shadows of Tillman Hall to the head of a multinational corporation based on the West Coast, South Carolinian and Clemson University alumnus Leslie McCraw has nurtured and maintained an affection for his alma mater.

Born in nearby Sandy Springs, Les is president of Fluor Corporation, which had revenues last year of more than \$5 billion. He earned his undergraduate degree at Clemson, graduating in 1956 with a B.S. degree in civil engineering and a commission in the Air Force.

In 1975 he joined Greenville's Daniel Construction, then one of the top five contractors in the nation. Daniel was purchased by Fluor Corporation in 1977, and Les was named president of Daniel in 1982. He became CEO in 1984 and was named to Fluor's Board of Directors in 1984.

In 1986 he was named president and CEO of a new company — Fluor Daniel — which melded the engineering, construction and maintenance capabilities of Fluor and Daniel. He set up the company's headquarters in Irvine, California, and began the challenging task of merging two corporate cultures. In 1988 he was named President of Fluor Corporation.

His commitment to higher education is exemplified by the time he devotes to serving on the Board of Trustees for Hampden-Sydney College and Columbia College, and at Clemson, where he has been a close adviser to President Max Lennon, serving as chairman of the President's Advisory Council. He also is a strong advocate of Clemson's College of Engineering and serves on its Advisory Board.

BOARD OF TRUSTEES

Louis P. Batson, Jr., Chairman	Greenville
Thomas B. McTeer, Jr., Vice Chairman	Columbia
Billy L. Amick	Batesburg
J. J. Britton	Sumter
Fletcher C. Derrick, Jr.	Charleston
W. G. DesChamps, Jr.	Bishopville
Louis B. Lynn	Columbia
Paul W. McAlister	Laurens
Buck Mickel	Greenville
James C. Self	Greenwood
B. Marion Smith	Columbia
James M. Waddell, Jr.	Beaufort
Allen P. Wood	Florence

Trustees Emeriti

William N. Geiger, Jr.	Columbia
Paul Quattlebaum, Jr.	Charleston
D. Leslie Tindal	Pinewood

ADMINISTRATIVE OFFICERS

Max Lennon	President
W. David Maxwell	Provost and Vice President for Academic Affairs
Hugh J. Clausen	Vice President for Administration and Secretary of the Board of Trustees
G. Jay Gogue	Vice President for Research
David R. Larson	Vice President for Business and Finance
Manning N. Lomax	Vice President for Student Affairs
Gary A. Ransdell	Vice President for Institutional Advancement
Milton B. Wise	Vice President for Agriculture and Natural Resources

The Academic Procession

The Academic procession is composed of the faculty, officers, Trustees, and honored guests of the University. Faculty enter by college and each college is preceded by its marshal, a senior faculty member, with the college baton, described under University Regalia.

Following the marshal is the college banner bearer. Each banner is a combination of colors that declare the disciplines taught in that college. These colors, which were established by the American Council on Education, are as follows:

College	Colors	Discipline
Agriculture	Maize	Agriculture
Architecture	Brown	Fine Arts
	Lilac	Architecture
Commerce & Industry	Copper	Economics
	Drab	Business
Education	Light Blue	Education
Engineering	Orange	Engineering
Forest & Recreation Resources	Russet	Forestry
Liberal Arts	Sage Green	Recreation Education
	Dark Blue	Philosophy
	White	Letters & Humanities
	Cream	Social Science
Library	Lemon	Library
Nursing	Apricot	Nursing
Sciences	Golden Yellow	Sciences
Staff	Purple & Orange	Academic Support

Collegiate faculty follow their banner in order of academic rank wearing academic costumes of medieval origin. Those who have received their degrees from institutions outside the United States wear costumes specified by the awarding institutions.

The academic costumes of faculty whose degrees are from United States' institutions are specified by a uniform code maintained by the American Council on Education. Caps are black and are usually mortar boards with tassels. Doctors of Philosophy wear gold tassels usually of metallic thread; other degrees wear black or discipline colors.

The bachelors' gown is simple and black with long, pointed sleeves. Masters' gowns, also black, are longer than bachelors. Older gowns have sleeves that terminate at the elbow while those since 1960 have sleeves extended to the wrist. Doctors' gowns are full, with bell-like sleeves. The front is marked by velvet panels and the sleeves are marked by three velvet bars. While most gowns are black with black velvet, one variation is to replace black velvet with velvet in the discipline color. A second variation is a colored gown usually of the university's colors.

All hoods specify the level of degree, the discipline studied and the awarding institution. First, degree level is signified by the size of the hood with bachelors' smallest, masters' larger, and doctors' quite large and of a different shape. Clemson does not award hoods to bachelors. The width of the velvet trim also conveys the degree. Secondly, the discipline is indicated by the color of the trim edging the hood to form the throat over the gown. Finally, the color of the hood's lining specifies the awarding institution. The colors are displayed in combinations that are drawn from heraldry. Notice that the Clemson University hood is lined with purple through which is an orange chevron (a "V"). Although many combinations are duplicated by dozens of institutions, Clemson is presently the only institution with that registered combination.

The officers, trustees, and honored guests wear academic, ecclesiastical, or military regalia as set forth by their professions. They are preceded by the University marshal. Clad in a gown of office in gold and purple, the marshal wears no hood and bears the University mace. At the ceremony's close, the faculty do not exit as a part of the recessional but are dismissed, along with students and guests, when the marshal leaves the coliseum.

The University Regalia

The University mace is the symbolic representation of the whole of Clemson University and must be present at any convocation where the University, through its delegated members, is acting officially. At any official convocation such as commencement, the University Marshal, carrying the mace, precedes the President into the assembly. The mace rests before the President's chair or speaker's stand throughout the ceremony, and its removal from the assembly at the close of a convocation is symbolic of the official withdrawal of the University and, thus, the close of the proceedings.

The decorative design of Clemson's mace is derived from the ceremonial maces carried by heads of state and church in the Middle Ages. Its basic club-like shape, however, is much more ancient, probably going back to man's pre-history. It is made of walnut wood and silver, with the seal of the University in gold and the University colors represented by insets of cornelian (orange) and amethyst (purple). Amethyst is also the state stone of South Carolina.

The Presidential chain and seal is symbolic of the authority vested in the office of president by the governing body of the University. Only the University President may wear it, and while wearing it he speaks for the whole body of the institution. Clemson's chain and seal are made of silver and gold, and cornelian and amethyst.

The batons of the college marshals also descend from medieval "staffs of office" which were carried by the senior members of departments of state or church. They display the seal of the University and the symbolic color of the discipline to which the college belongs. Clemson's batons are made of walnut wood and silver with the various disciplines inset with enamel.

The University regalia were designed and executed by Mr. Robert Ebendorf. Mr. Ebendorf is twice winner of the Tiffany Award and one of the most acclaimed goldsmiths of our era. The enamel plaques for the batons were executed by the late Professor Marshall C. Bell, and the lapidary work was executed by the late Mr. C. C. Wilson of Clemson University.

Coat of Arms

Designed by Clemson University graphic artist, Connie Floyd, the coat of arms represents the historic three-fold mission of this institution: teaching, research and service.

Pictured on the cover, the coat of arms is divided into three parts. The bottom contains a series of open books representing the concept of teaching as the basis of the land-grant university. The white of the books and the purple of the background designate the teaching mission of the University as it is achieved through undergraduate and graduate instruction.

The upper portion of the shield contains two sets of calipers and wheat sheaves illustrating the measurement system for research, as well as Clemson's tradition in agriculture and Extension. The three symbols — the books, calipers and wheat sheaves — also represent the humanities, technology and science.

The entire shield is joined by a small orange center shield bearing a white tiger mask symbolizing the abiding spirit of Clemson.

The crest is a gold palmetto tree, which emphasizes Thomas Green Clemson's desire that Clemson become "the people's university" for South Carolinians. It rises from a band of purple, orange, white and gold. The outer pair of colors, purple and gold, are the official colors of the University; the inner pair, orange and white, are Clemson's student colors.

CANDIDATES FOR DOCTORS' DEGREES

FARRELL BLENN BROWN, Acting Dean, Graduate School

COLLEGE OF AGRICULTURAL SCIENCES

DOCTOR OF PHILOSOPHY

Agronomy

Domingo Magsino Jarie _____ College, Laguna, Philippines
B.S., M.S., University of the Philippines

Dissertation: Genotypic Variation of Maize Responses to Aluminum and pH In Nutrient Solution

Nutrition

Richard Charles Forney _____ Bradenton, Fla.
B.S., Edinboro University of Pennsylvania; M.S., Clemson University

Dissertation: An Investigation into Avian Gastrin in the Chick

COLLEGE OF COMMERCE AND INDUSTRY

DOCTOR OF PHILOSOPHY

Industrial Management

Jack Arthur Gowan, Jr. _____ Birmingham, Ala.
B.S., MBA, Samford University

Dissertation: The Effects of Alternative Forms of Knowledge Representation on Decision Making Consensus and Accuracy

Rajendra Vishwanath Nargundkar _____ Clemson
B.E., Osmania University

Dissertation: Operationalizing Marketing Fit and Operating Fit

Suzanne Jones Smith _____ Columbia
B.S., Presbyterian College; B.E., Vanderbilt University

Dissertation: A Simulation Study of Dynamic Planned Lead Times in Material Requirements Planning Systems

Deborah Helen Stevenson _____ Oakton, Va.
B.S., MBA, Florida Institute of Technology

Dissertation: Transfer of Expertise in Expert Systems Used as Job Aids: A Laboratory Investigation

Management Science

Melissa Cauthen Bowers _____ Rome, Ga.
B.S., University of Georgia

Dissertation: A Hierarchical Model for Production Planning

COLLEGE OF EDUCATION

DOCTOR OF EDUCATION

Vocational and Technical Education

Frances Knowland Porcher _____ Seneca
B.S., Clemson University; M.S., University of Alabama

Dissertation: The Effect of Instruction on Teacher Attitude Regarding School Placement of HIV Infected Children with Implications for Nursing Education

COLLEGE OF ENGINEERING

DOCTOR OF PHILOSOPHY Engineering

Stewart Vandiver Bowers III	Monroe, Ga.
B.S., M.S., University of Georgia	
Dissertation: Nondestructive Testing to Determine Internal Quality of Fruit (Field of Specialization: Agricultural Engineering)	
James Louis Brickell	Charleston
B.S., U. S. Air Force Academy; M.S., University of Illinois Urbana-Champaign	
Dissertation: The Effects of Surfactants on the Desorption of Organic Contaminants from Aquifer Materials (Field of Specialization: Environmental Systems Engineering)	
Michael Jerome Buschermohle	Louisville, Ky.
B.S., University of Kentucky; M.S., Clemson University	
Dissertation: Temperature and Moisture Migration Patterns in Stored Grains in High Radiation Climates (Field of Specialization: Agricultural Engineering)	
Kevin Gerald Kemp	Durban, S. Africa
B.S., M.S., University of Natal	
Dissertation: The Prediction of Early Failures in VLSI Interconnects Due to Random Subtractive Defects (Field of Specialization: Electrical Engineering)	
Md Ayubur Rahman	Khulna, Bangladesh
BSC, Bangladesh Univ. of Eng. & Tech., M.S., Marquette University	
Dissertation: Analytical Investigation of the Behavior and Failure of Composite Masonry Walls (Field of Specialization: Civil Engineering)	

COLLEGE OF FOREST AND RECREATION RESOURCES

DOCTOR OF PHILOSOPHY Parks, Recreation, and Tourism Management

Kathleen Lucille Andereck	Rock Island, III.
B.S., University of Wisconsin-Madison; M.S., Texas A&M University	
Dissertation: Perceived Crowding among Visitors in a Built Recreation Environment	
Patricia Ann Maguire	Central
B.S., College of Saint Elizabeth; MPRTM, Clemson University	
Dissertation: A Comparative Analysis of Outbound Tourism Generation from Newly Industrialized Countries in East Asia	

COLLEGE OF SCIENCES

DOCTOR OF PHILOSOPHY Chemistry

Sungho Hu	Clemson
B.S., Seoul National University; M.S., Clemson University	
Dissertation: The High Field Nuclear Magnetic Resonance Study of the N-terminal Region of Glycophorin A	
Caibao Qian	Jiangsu, China
B.S., Suzhou Institute of Silk; M.S., Clemson University	
Dissertation: ^{23}Na NMR Study of Competitive Binding of Ions to Polyelectrolytes and Flory-Huggins Theory with Fluctuation Corrections from Path Integral	
Ashok K. Kabi Satpathy	Rourkela, India
B.S., M.S., Sambalpur University; M.S., West Virginia University	
Dissertation: Polyazine Complexes of Transition Metals-Synthesis, Characterization and Excited State Properties	

Computer Science

Eleanor O'Meara Hare	Clemson
B.A., Hollins College; M.S., Clemson University	
Dissertation: Algorithms for Grids and Grid-like Graphs	
Gene Arthur Tagliarini	Tampa, Fla.
B.A., M.A., University of South Florida	
Dissertation: Fundamental Principles of Combinatorial Problems on Neural Networks	

Mathematical Sciences

Bruce Edward Barrett	Clemson
B.S., College of Charleston; M.S., Clemson University	
Dissertation: Variable Selection and Influence Diagnostics in Multivariate Regression	
Chandrasekharan Narayanan	Madurai, India
B.E., MSE, Indian Institute of Technology Bombay; BSC, Madurai Kamaraj University	
Dissertation: Fase Parallel Algorithms and Enumeration Techniques for Partial K-Trees	
Steven Wayne Ramsier	Creston, Ohio
B.S., Baldwin-Wallace College; M.S., Clemson University	
Dissertation: Graphical Representations of Multivariate Data	

Microbiology

Robert Eugene McLaughlin	South Casco, Maine
B.S., University of Maine	
Dissertation: Transposon Mutagenesis and Complementation of the Fructokinase Gene in <i>Rhizobium leguminosarum</i> Biovar <i>trifolii</i>	
Tony Edward Morris	Taylors
B.S., Bob Jones University	
Dissertation: Changes in Immunocompetence Level of Individuals Exposed in Tanning Beds and of Cancer Patients Undergoing Therapy	
Calvin Christian Wilhide III	Baltimore, Md.
B.S., Loyola College	
Dissertation: The Immunocompetence Levels of Cancer Patients and of the Elderly Compared to Healthy Individuals and the Effects of an Alkylating Agent on the Replication of T Lymphocytes	

Physics

Eldred Anthony Ribeiro	Clemson
M.S., Indian Institute of Technology	
Dissertation: Quantitative Gel Electrophoresis of DNA and Enumeration of UV-Induced Thymine Dimers	

CANDIDATES FOR EDUCATION SPECIALIST AND MASTERS' DEGREES

FARRELL BLENN BROWN, Acting Dean, Graduate School

COLLEGE OF AGRICULTURAL SCIENCES

CANDIDATES FOR BACHELORS' DEGREES

COLLEGE OF AGRICULTURAL SCIENCES

JAMES HOWARD DANIELS, Acting Dean

BACHELOR OF SCIENCE

Agricultural Economics and Rural Sociology

Jonathan Day Mohr _____ Unionville, Pa.

Agricultural Mechanization and Business

John Jay Boland _____ Greer

Agronomy

Ricky Dale Hodges _____ Loris

Animal Industries

Catherine Lee Sternberg _____ Columbia

Aquaculture, Fisheries, and Wildlife Biology

Robert Derick Durham _____ Pickens Brandon Gordon Stutts _____ Columbia

Gregory Floyd Gilstrap _____ Seneca

Food Science

Mary Beth Decker _____ Hamburg, N. J.

Horticulture

Walker White McLeod, Jr. _____ Chapin Gene Michael Rast _____ St. Matthews

COLLEGE OF ARCHITECTURE

JAMES FRAZIER BARKER, Dean

BACHELOR OF ARTS

Design

Karen Denise Owen _____ Williamston Lawrence David Tobe _____ Davie, Fla.

BACHELOR OF FINE ARTS

Barbara Jane Bagwell _____ Spartanburg Christopher A. Calhoun _____ Rock Hill

BACHELOR OF SCIENCE

Building Science and Management

Ronald George Burt _____ Clemson

Scott Bryan Burton _____ Westminster

Christopher Condon _____ Severna Park, Md.

Brent Alan Dowell _____ Spartanburg

Timothy Franklin Ellisor _____ Irmo

Billy Ray Jackson, Jr. _____ North Augusta

Douglas Harris Jefferson _____ Lamar

Charles Malone Johnson _____ Concord, N. C.

Peter Alexander McKellar IV _____ Mt. Pleasant

Tracie Thompson Shuford _____ Sumter

David Lee Smith _____ Columbia

***Mark Scott Staaf _____ Central

Gregory Gene Tucker _____ Covington, Va.

*Gregory Michael Williamson _____ Vidalia, Ga.
(Degree awarded posthumously)

Design

Elizabeth Hankins Lee _____ Spartanburg

Juleen Marie Russell _____ Surfside Beach

Gregory Gene Tucker _____ Covington, Va.

Lyons Hunter Williams IV _____ Charleston

COLLEGE OF COMMERCE AND INDUSTRY

RYAN CUSTER AMACHER, Dean

BACHELOR OF SCIENCE

Accounting

*Cum laude: A grade point ratio of 3.40 to 3.69

**Magna cum laude: A grade point ratio of 3.70 to 3.89

***Summa cum laude: A grade point ratio of 3.90 to 4.00

†Senior Departmental Honors: The students so designated have earned a B or better in the six to twelve credits of honors work at the upper division level in a program designed by their department. They have maintained a minimum GPR overall of 3.40. They appear in the line of march with an honors medallion on an orange and purple ribbon.

Historical Statement

Clemson University is named for Thomas Green Clemson (1807-1888), who left the bulk of his estate to the State of South Carolina for the founding of the institution.

Thomas Clemson was born in Philadelphia in 1807 and educated at the Royal School of Mines in Paris (1828-1832). His early profession was that of a mining engineer; but circumstances diverted his interests into politics and the life of a southern planter, and he soon became an enthusiastic advocate of scientific agriculture. He had a career as a diplomat (charge d'affairs to Belgium, 1844-1852) and served as the first Superintendent of Agricultural Affairs in Washington (1860). As a scientist he published numerous articles in the fields of mining, chemistry, and agriculture. His varied activities included his assistance in the founding of the Maryland Agricultural College, his support of the Morrill Act, his leadership in South Carolina after the Civil War, and his part in founding Clemson University.

Thomas Clemson was the son-in-law of South Carolina's John C. Calhoun, a political figure of national importance during the first half of the nineteenth century. Mr. Calhoun's home, Fort Hill, is preserved on the Clemson Campus as a national shrine.

The academic program at Clemson College began in 1893 with an enrollment of 446. The first "college prospectus" announced only two four-year curricula, supplemented by two two-year preparatory courses. Today the University has ten major academic units. These are the College of Agricultural Sciences, the College of Architecture, the College of Commerce and Industry, the College of Education, the College of Engineering, the College of Forest and Recreation Resources, the College of Liberal Arts, the College of Nursing, the College of Sciences, and the Graduate School.

The institution is an accredited member of the Southern Association of Colleges and Schools; various curricula are accredited by the National Architectural Accrediting Board, National League for Nursing, Society of American Foresters, American Assembly of Collegiate Schools of Business, Accreditation Board for Engineering and Technology, and National Council for Accreditation of Teacher Education.

Clemson is a land-grant institution. As such, it is engaged not only in its primary academic program, but does extensive research at the main campus and at five agricultural experiment stations located in the State. The University is also heavily committed to a varied program of public service, including the work of agricultural extension which has professional personnel located in each of the State's counties.

CLEMSON ALMA MATER

A. C. Corcoran, '19

Where the Blue Ridge yawns its greatness,
Where the Tigers play;
Here the sons of dear old Clemson
Reign supreme alway.

Chorus

Dear old Clemson, we will triumph
And with all our might,
That the Tiger's roar may echo
O'er the mountain height.

We will dream of great conquests,
For our past is grand,
And her sons have fought and conquered
Every foreign land.

Where the mountains smile in grandeur
O'er the hill and dale.

Here the Tiger lair is nestling
Swept by storm and gale.

We are brothers strong in manhood,
For we work and strive;
And our alma mater reigneth
Ever in our lives.

CLEMSON
UNIVERSITY
CENTENNIAL
1889-1989
