HONORARY DEGREE

DR. JAMES A. TIMMERMAN, JR.

DOCTOR OF SCIENCE

Dr. James A. Timmerman, Jr., Director Emeritus of the S. C. Department of Natural Resources, has dedicated his life's work to preserving and protecting South Carolina's natural resources.

Born in Pelzer in 1935, Timmerman earned Bachelor's (1957) and Master's (1959) Degrees in Zoology from Clemson University and a Ph.D. (1963) from Auburn University. In 1961, he joined the faculty of The Citadel and was appointed to head the new biology department in 1967 as the youngest department head ever to serve the military college.

Dr. Timmerman served first as acting director, then as permanent director of the Marine Resources Division of the S. C. Wildlife and Marine Resources Department from 1970 to 1974. During this time, he was instrumental in the development of the Marine Center at Fort Johnson in Charleston. In 1974, Dr. Timmerman was appointed executive director of the S. C. Wildlife and Marine Resources Department, which he developed into one of the premier wildlife departments in the country.

In 1994, the S. C. Department of Natural Resources (SCDNR) was formed, unifying six former state agencies under one mission, leadership and organization. The SCDNR Board voted unanimously to name Dr. Timmerman as agency director. Upon his retirement in 1997, the board named him director emeritus.

As a tribute to "one of South Carolina's most beloved and respected conservationists" and in appreciation for the role he played in the state's acquisition of the 32,000-acre Jocassee Gorges property, the S. C. General Assembly passed a resolution to name the area in honor of Dr. Timmerman. The Jim Timmerman Natural Resources Area was dedicated on December 7, 2000.

Dr. Timmerman's dedication to natural resources conservation has earned him wide recognition. He has received the Order of the Palmetto from the state of South Carolina, the 1997 Chuck Yeager Award from the National Fish & Wildlife Foundation, the 1996 Lifetime Achievement Award from the S. C. Wildlife Federation, and the 1990 Seth Gordon Award from the International Association of Fish & Wildlife Federation.

His exemplary career of public service includes leadership of numerous professional organizations and service to government agencies. Dr. Timmerman was on the Presidential Transitional Team for President George Bush during 1988-89 and was appointed by the U. S. Secretary of Commerce to the Advisory Board of National Marine Fisheries Service.

For Clemson, he has served on the Board of Visitors, the Bioengineering Committee, advisory boards for the School of Forest and Recreation Resources, and The Institute of Wildlife and Environmental Toxicology. Dr. Timmerman was instrumental in forming a cooperative relationship between the SCDNR and Clemson University, which fostered the development of a strong wildlife and fisheries program and led to the establishment of the U. S. Fish & Wildlife Service Co-op Unit at Clemson.

In recognition of his untiring service to the citizens of South Carolina and his relentless zeal and enthusiasm for natural resources conservation, it is with great honor and pleasure that we recognize Dr. James A. Timmerman, Jr. by presenting him the honorary Doctor of Science Degree.

The Academic Procession

The Academic procession is composed of the faculty, staff, officers, trustees, and honored guests of the University. Faculty enter by college and each college is preceded by its marshal, a senior faculty member, with the college baton, described under University Regalia.

The college banners are placed on the stage. Each banner is a combination of colors that declare the disciplines taught in that college. These colors, which were established by the American Council on Education, are as follows:

| College | Colors | Discipline |
|--|---|--|
| Agriculture, Forestry, and Life Sciences | Maize Brown Golden Yellow | Agriculture Forestry Life Sciences |
| Architecture, Arts, and Humanities | Lilac Brown White Dark Blue | Architecture Arts Humanities Philosophy |
| Business and Behavioral Science | Drab Copper Peacock Blue Cream | Accounting and Business Economics Public Administration Social Sciences |
| Engineering and Science | Orange Golden Yellow | Engineering Science |
| Health, Education, and Human Development | Light Blue Apricot Cream | Education Nursing Social Sciences |
| Library | Lemon Yellow | Library |
| Staff | Purple and Orange | Academic Support |
| Faculty Senate | Purple and White | Instruction |

Collegiate faculty follow their marshal in order of academic rank wearing academic costumes of medieval origin. Those who have received their degrees from institutions outside the United States wear costumes specified by the awarding institutions.

The academic costumes of faculty whose degrees are from United States' institutions are specified by a uniform code maintained by the American Council on Education. Caps are black and are usually mortar boards with tassels. Doctors of Philosophy wear gold tassels usually of metallic thread; other degrees wear black or discipline colors.

The bachelor's gown is simple and black with long, pointed sleeves. Masters' gowns, also black, are longer than bachelors. Older gowns have sleeves that terminate at the elbow while those since 1960 have sleeves extended to the wrist. Doctors' gowns are full, with bell-like sleeves. The front is marked by velvet panels and the sleeves are marked by three velvet bars. While most gowns are black with black velvet, one variation is to replace black velvet with velvet in the discipline color. A second variation is a colored gown usually of the university's colors.

All hoods specify the level of degree, the type of discipline studied and the awarding institution. First, degree level is signified by the size of the hood with bachelors' smallest, masters' larger, and doctors' quite large and of a different shape. Clemson does not award hoods to bachelors. The width of the velvet trim also conveys the degree. Secondly, the degree is indicated by the color of the trim edging the hood to form the throat over the gown. The most frequently seen is dark blue, which designates the doctor of philosophy (Ph.D.) degree. Finally, the color of the hood's lining specifies the awarding institution. The colors are displayed in combinations that are drawn from heraldry. Notice that the Clemson University hood is lined with purple through which is an orange chevron (a "V"). Although many combinations are duplicated by dozens of institutions, Clemson is presently the only institution with that registered combination.

The officers, trustees, and honored guests wear academic, ecclesiastical, or military regalia as set forth by their professions. They are preceded by the University Marshal. Clad in a gown of office in gold and purple, the marshal wears no hood and bears the University mace. At the ceremony's close, the faculty do not exit as a part of the recessional but are dismissed, along with students and guests, when the marshal leaves the coliseum.

The University Regalia

The University mace is the symbolic representation of the whole of Clemson University and must be present at any convocation where the University, through its delegated members, is acting officially. At any official convocation such as commencement, the University Marshal, carrying the mace, precedes the President into the assembly. The mace rests before the President's chair or speaker's stand throughout the ceremony, and its removal from the assembly at the close of a convocation is symbolic of the official withdrawal of the University and, thus, the close of the proceedings.

The decorative design of Clemson's mace is derived from the ceremonial maces carried by heads of state and church in the Middle Ages. Its basic clublike shape, however, is much more ancient, probably going back to man's prehistory. It is made of walnut wood and silver, with the seal of the University in gold and the University colors represented by insets of cornelian (orange) and amethyst (purple). Amethyst is also the state stone of South Carolina.

The Presidential chain and seal is symbolic of the authority vested in the office of president by the governing body of the University. Only the University President may wear it, and while wearing it he speaks for the whole body of the institution. Clemson's chain and seal are made of silver and gold, and cornelian and amethyst.

The batons of the college marshals also descend from medieval "staffs of office" which were carried by the senior members of departments of state or church. They display the seal of the University and the symbolic color of the discipline to which the college belongs. Clemson's batons are made of walnut wood and silver with the various disciplines inset with enamel.

The University regalia were designed and executed by Mr. Robert Ebendorf. Mr. Ebendorf is twice winner of the Tiffany Award and one of the most acclaimed goldsmiths of our era. The enamel plaques for the batons were executed by the late Professor Marshall C. Bell, and the lapidary work was executed by the late Mr. C. C. Wilson of Clemson University.

***Summa cum laude: A grade point ratio of 3.90 to 4.00

+Departmental Honors: The graduates so designated have completed an enriched program of study designed by their departments with the approval of the Calhoun College Honors Program. To earn Departmental Honors students must complete an honors thesis and/or other upper division honors courses, while maintaining an overall grade-point ratio of 3.40 or higher. Departmental Honors graduates appear in the line of march wearing the Calhoun College Honors Medallion on an orange and purple ribbon. This medallion is made possible by an endowment established by Mrs. Katherine Inabinet Vickery of Columbia, South Carolina, to honor the memory of her husband and Clemson graduate, the late B. C. Inabinet.

Students wearing the white stoles over their gowns are graduating with a 3.0 or better grade point average. Those who are members of University recognized honorary societies may have the names of those societies embroidered on one side of the stole with the University seal embroidered on the other side.

Awards

THE CLASS OF '39 AWARD FOR EXCELLENCE

In 1989 on the occasion of the 50th Anniversary of its graduation from Clemson University (then the Clemson Agricultural College of South Carolina), the Class of 1939 established the Award for Excellence. It is presented annually to a faculty member whose contributions over the immediately preceding five-year period are judged by the faculty member's peers to represent the highest achievement of service to the University and the Student Body.

RECIPIENT OF THE CLASS OF '39 AWARD FOR EXCELLENCE FOR 2003

DOUGLAS KINLY STURKIE III
Professor and Chair of Sociology

FACULTY SCHOLARSHIP AWARD

Established at Clemson University in 1959, this award is made annually by the faculty of Clemson University to the member of the graduating class who has the highest scholastic achievement. All graduates who have completed the requirements for the bachelor's degree since the last commencement exercise and who have completed at Clemson at least 75 percent of the work required for graduation shall be eligible for consideration.

Historical Statement

Clemson University is named for Thomas Green Clemson (1807–1888), who left the bulk of his estate to the State of South Carolina for the founding of the institution.

Thomas Clemson was born in Philadelphia in 1807 and educated at the Royal School of Mines in Paris (1828–1832). His early profession was that of a mining engineer; however, circumstances diverted his interests into politics and the life of a southern planter, and he soon became an enthusiastic advocate of scientific agriculture. He had a career as a diplomat (charge d'affaires to Belgium, 1844–1852) and served as the first Superintendent of Agricultural Affairs in Washington (1860). As a scientist he published numerous articles in the fields of mining, chemistry and agriculture. His varied activities included his assistance in the founding of the Maryland Agricultural College, his support of the Morrill Act, his leadership in South Carolina after the Civil War, and his part in founding Clemson University.

Thomas Clemson was the son-in-law of South Carolina's John C. Calhoun, a political figure of national importance during the first half of the nineteenth century. Mr. Calhoun's home, Fort Hill, is preserved on the Clemson Campus as a national shrine.

The academic program at Clemson College began in 1893 with an enrollment of 446. The first "college prospectus" announced only two four-year curricula, supplemented by two two-year preparatory courses. Today the University has six major academic units. These are the College of Agriculture, Forestry, and Life Sciences, the College of Architecture, Arts, and Humanities, the College of Business and Behavioral Science, the College of Engineering and Science, the College of Health, Education, and Human Development, and the Graduate School.

Clemson University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097; telephone number 404-679-4501) to award the Bachelor's, Master's, Education Specialist, and Doctor's degrees. Various curricula are accredited by the AACSB International (Association to Advance Collegiate Schools of Business), Accreditation Board for Engineering and Technology, American Council for Construction Education, American Society of Landscape Architects, Computing Science Accreditation Board, National Architectural Accrediting Board, National Association of Industrial Technology, National Association of Schools of Art and Design, National Council for Accreditation of Teacher Education, National League for Nursing, NRPA/AALR Council on Accreditation, Planning Accreditation Board, and Society of American Foresters.

Clemson is a land-grant institution. As such, it is engaged not only in its primary academic program, but does extensive research at the main campus and at five agricultural experiment stations located in the State. The University is also heavily committed to a varied program of public service, including the work of agricultural extension which has professional personnel located in each of the State's counties.

CLEMSON ALMA MATER

Farmer and McGarity/arr. Freeman

Where the Blue Ridge yawns its greatness,
Where the Tigers play;

Here the sons of dear old Clemson
Reign supreme alway.

Chorus

Dear old Clemson, we will triumph
And with all our might,

That the Tiger's roar may echo
O'er the mountain height.

We will dream of great conquests,
For our past is grand,

And her sons have fought and conquered
Every foreign land.

Where the mountains smile in grandeur
O'er the hill and dale.

Here the Tiger lair is nestling
Swept by storm and gale.

We are brothers strong in manhood,
For we work and strive;

And our alma mater reigneth
Ever in our lives.

Note: Candidates appearing in this program are not certified graduates. Likewise, academic honors designations are based upon performance prior to final grades. Both certification of graduation and honors designations must come from the Registrar of the University.
