HONORARY DEGREE

James B Anthony Doctorate of Humanities

Jim Anthony lives by the principles of respect for the land, service to the community and passion for his work. His successful real estate endeavors have allowed him to give back generously to the community and to Clemson University through programs that focus on children, wellness, nature and conservation.

In 1991, Anthony founded The Cliffs Communities in the beautiful Carolina Blue Ridge Mountains where he was born and raised. Since its founding, The Cliffs has expanded to include eight master-planned communities and has been nationally recognized for its premier residential areas and golf resorts.

Anthony's successful business endeavors and tireless public service efforts speak to his integrity as an entrepreneur and a philanthropist. As The Cliffs' CEO, he has established several nonprofit foundations for philanthropic endeavors such as conservation and educational outreach programs that have positively impacted South Carolina's youth and environment.

Anthony's personal commitment to children's wellness is reflected in his connection with Clemson University's Youth Learning Institute. The Cliffs has made major gifts to Clemson University to develop world-class outdoor adventure programs for youth and their families.

In 2008, The Cliffs furthered the goal of statewide academic excellence by working with Clemson to develop the South Carolina Teacher Renewal Center dedicated to enhancing the quality of education by helping the state retain its best teachers.

Anthony broadened his partnership with Clemson in 2009 with the gift of Zest Quest, a school-based program created to inspire children and their families to develop a "healthy choice" lifestyle. His support will fund operation and expansion of the program that is expected to become a national model.

In addition to his focus on education, Anthony has joined with Clemson to advance environmental conservation efforts through projects such as The Cliffs Center for Environmental Golf Research designed to produce environmentally friendly golf courses and green space management. Also in partnership with Clemson, along with the Chilean government and the Wilderness Foundation, Anthony has worked to create Lago Copo Park, a 29,000-acre national park in southern Patagonia, Chile, to protect the second largest watershed in the region.

Anthony's land preservation efforts and business success led to his being recognized as Entrepreneur of the Year for the Carolinas in 2000 by Ernst and Young, LLP. He also was named most influential Greenvillian by Greenville Magazine in 1999 and was named to the magazine's list of 50 Most Influential People in 2005 and 2006. The Blue Ridge Council of the Boy Scouts of America honored Anthony in 2006 with the Distinguished Citizen Award. Other awards include the 11th Annual March of Dimes Real Estate Award in 2008 and the Champions of Public Education Award by the S.C. State School Boards Association in 2009.

Clemson University holds Jim Anthony's remarkable life of service, eminent achievements in his profession and meritorious contributions to the University in the highest regard. It is with great honor and pleasure that we recognize James B Anthony with the presentation of the honorary degree, Doctorate of Humanities.

THE ACADEMIC PROCESSION

The academic procession is composed of the faculty, staff, officers, trustees and most honored guests of the University. Faculty enter by college and each college is preceded by its marshal, a senior faculty member, with the college baton, described under University Regalia. The college banners are placed on the stage. Each banner is a combination of colors that declare the disciplines taught in that college. These colors, which were established by the American Council on Education, are listed below.

Collegiate faculty follow their marshal in order of academic rank wearing academic costumes of medieval origin. Those who have received their degrees from institutions outside the United States wear costumes specified by the awarding institutions. Academic costumes of faculty whose degrees are from institutions in the United States are specified by a uniform code maintained by the American Council on Education. Caps are black and are usually mortar boards with tassels. Doctors of philosophy wear gold tassels usually of metallic thread; other degrees wear black or discipline colors.

The bachelor's gown is simple and black with long, pointed sleeves. Masters' gowns, also black, are longer than bachelors' gowns. Older gowns have sleeves that terminate at the elbow, while those since 1960 have sleeves extended to the wrist. Doctors' gowns are full, with bell-like sleeves. The front is marked by velvet panels and the sleeves are marked by three velvet bars. While most gowns are black with black velvet, one variation is to replace black velvet with velvet in the discipline color. A second variation is a colored gown usually of the university's colors.

All hoods specify the level of degree, the type of discipline studied and the awarding institution. First, degree level is signified by the size of the hood with bachelors' the smallest, masters' larger and doctors' quite large and of a different shape. Clemson does not award hoods to bachelors. The width of the velvet trim also conveys the degree. Secondly, the degree is indicated by the color of the trim edging the hood to form the throat over the gown. The most frequently seen is dark blue, which designates the Doctor of Philosophy (Ph.D.) degree. Finally, the color of the hood's lining specifies the awarding institution. The colors are displayed in combinations that are drawn from heraldry. Notice that the Clemson University hood is lined with purple through which is an orange chevron (a "V"). Although many combinations are duplicated by dozens of institutions, Clemson is presently the only institution with that registered combination.

The officers, trustees and honored guests wear academic, ecclesiastical or military regalia as set forth by their professions. The president of Clemson University wears a purple gown with four velvet bars piped in gold and the university seal embroidered on the panels. Each trustee wears a similar gown with three velvet bars piped in gold for doctorates and an embroidered palmetto tree on each sleeve for those who do not hold doctorates. Hoods are either from Clemson or from the awarding school. They are preceded by the university marshal. Clad in a gown of office in gold and purple, the marshal wears no hood and bears the university mace. At the ceremony's close, the faculty do not exit as a part of the recessional but are dismissed, along with students and guests, when the marshal leaves the coliseum.

THE UNIVERSITY REGALIA

The university mace is the symbolic representation of the whole of Clemson University and must be present at any convocation where the University, through its delegated members, is acting officially. At any official convocation such as commencement, the university marshal, carrying the mace, precedes the president into the assembly. The mace rests before the president's chair or speaker's stand throughout the ceremony, and its removal from the assembly at the close of a convocation is symbolic of the official withdrawal of the University and, thus, the close of the proceedings.

The decorative design of Clemson's mace is derived from the ceremonial maces carried by heads of the state and church in the Middle Ages. Its basic club-like shape, however, is much more ancient, probably going back to man's prehistory. It is made of walnut wood and silver, with Clemson's seal in gold and the university colors represented by insets of cornelian (orange) and amethyst (purple). Amethyst is also the state stone of South Carolina.

The presidential chain and seal is symbolic of the authority vested in the office of president by the governing body of the University. Only the university president may wear it, and while wearing it, he speaks for the whole body of the institution. Clemson's chain and seal are made of silver and gold, and cornelian and amethyst.

The batons of the college marshals also descend from medieval "staffs of office," which were carried by the senior members of departments of state or church. They display the university seal and the symbolic color of the discipline to which the college belongs. Clemson's batons are made of walnut wood and silver with the various disciplines inset with enamel.

The Clemson University regalia were designed and executed by Mr. Robert Ebendorf. Mr. Ebendorf is twice winner of the Tiffany Award and one of the most acclaimed goldsmiths of our era. The enamel plaques for the batons were executed by the late Professor Marshall C Bell, and the lapidary work was executed by the late Mr. C C Wilson of Clemson University.

†Calhoun Honors College: The graduates so designated in the printed graduation program have completed an enriched program of study through the Calhoun Honors College. To earn this distinction, students must maintain an overall grade-point ratio of 3.40 or higher and complete the requirements of General Honors and/or Departmental Honors. Students who have earned Departmental Honors appear in the line of march wearing the Calhoun Honors College Medallion on an orange and purple ribbon. This medallion is made possible by an endowment established by Mrs. Katherine Inabinet Vickery of Columbia, South Carolina, to honor the memory of her husband and Clemson graduate, the late B C Inabinet.

Students wearing the white stoles over their gowns are graduating with a 3.00 or better grade-point average. Those who are members of university recognized honorary societies may have the names of those societies embroidered on one side of the stole with the university seal embroidered on the other side.

AWARDS

THE CLASS OF '39 AWARD FOR EXCELLENCE

In 1989 on the occasion of the 50th Anniversary of its graduation from Clemson University (then the Clemson Agricultural College of South Carolina), the Class of 1939 established the Award for Excellence. It is presented annually to a faculty member whose contributions over the immediately preceding five-year period are judged by the faculty member's peers to represent the highest achievement of service to the University and the Student Body.

Recipient of the Class of '39 Award for Excellence for 2010

Melanie M Cooper
Alumni Distinguished Professor of Chemistry

HISTORICAL STATEMENT

Clemson University is named for Thomas Green Clemson (1807-1888), who left the bulk of his estate to the state of South Carolina for the founding of the institution.

Thomas Clemson was born in Philadelphia in 1807 and educated at the Royal School of Mines in Paris (1828-1832). His early profession was that of a mining engineer; however, circumstances diverted his interests into politics and the life of a southern planter, and he soon became an enthusiastic advocate of scientific agriculture. He had a career as a diplomat (chargé d'affaires to Belgium, 1844-1852) and served as the first superintendent of agricultural affairs in Washington (1860). As a scientist he published numerous articles in the fields of mining, chemistry and agriculture. His varied activities included his assistance in the founding of the Maryland Agricultural College, his support of the Morrill Act, his leadership in South Carolina after the Civil War, and his part in founding Clemson University.

Thomas Clemson was the son-in-law of John C Calhoun, a South Carolina political figure of national importance during the first half of the nineteenth century. Mr. Calhoun's home, Fort Hill, is preserved on the Clemson campus as a national shrine.

The academic program at Clemson College began in 1893 with an enrollment of 446. The first "college prospectus" announced only two four-year curricula, supplemented by two two-year preparatory courses. Today the University has six major academic units. These are the College of Agriculture, Forestry and Life Sciences; the College of Architecture, Arts and Humanities; the College of Business and Behavioral Science; the College of Engineering and Science; the College of Health, Education and Human Development; and the Graduate School.

Clemson University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the bachelor's, master's, education specialist, and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097 or call at 404-679-4500 for questions about the accreditation of Clemson University.

Curricula are accredited by AACSB International (Association to Advance Collegiate Schools of Business), Accreditation Board for Engineering and Technology, American Council for Construction Education, American Dietetic Association (CADE), American Society of Landscape Architects, Commission on Collegiate Nursing Education (CCNE), Council for Accreditation of Counseling and Related Education Programs (CACREP), National Architectural Accrediting Board, National Association of Schools of Art and Design, National Council for Accreditation of Teacher Education, NRPA/AALR Council on Accreditation, Planning Accreditation Board, and Society of American Foresters. Documentation of accreditation is available in the college deans' offices.

Clemson is a land-grant institution. As such, it is engaged not only in its primary academic program, but does extensive research at the main campus and at five agricultural experiment stations located in the state. The University is also heavily committed to a varied program of public service, including the work of agricultural extension, which has professional personnel located in each of the state's counties.

CLEMSON ALMA MATER

Farmer and McGarity/arr. Freeman

Where the Blue Ridge yawns its greatness,
Where the Tigers play;

Here the sons of dear old Clemson
Reign supreme alway.

Chorus

Dear old Clemson, we will triumph
And with all our might,

That the Tiger's roar may echo
O'er the mountain height.

We will dream of greater conquests,
For our past is grand,

And her sons have fought and conquered
Every foreign land.

Where the mountains smile in grandeur
O'er the hill and dale.

Here the Tiger lair is nestling
Swept by storm and gale.

We are brothers strong in manhood,
For we work and strive;

And our alma mater reigneth
Ever in our lives.

Clemson University — One of the Nation's Best Public Universities

- U.S. News & World Report ranks Clemson No. 23 among the nation's top 50 public universities, No. 9 Up-and-Coming national university and No. 12 for its commitment to undergraduate teaching.
- Nine Clemson seniors and graduate students won the prestigious National Science Foundation Graduate Research Fellowship in 2010. Five additional students were named Honorable Mention.
- SmartMoney (2009) rates Clemson No. 8 in "payback" — the ratio of graduates' earnings to tuition paid, and both Kiplinger's and The Princeton Review recognize Clemson among the best educational buys in the nation in 2010.
- Clemson's Academic Success Center, which provides students with the latest in customized academic assistance, has earned international recognition as an outstanding learning center.
- Creative Inquiry, a unique initiative that brings together undergraduate students and faculty to research important issues that affect our world, is described as a "best practice in undergraduate research" by Lynn O'Shaugnessy in her book *The College Solution: A Guide for Everyone Looking for the Right School at the Right Price*.
- Thirty-two Clemson faculty have been awarded National Science Foundation CAREER Awards, recognizing young faculty members who are excellent researchers and teachers, and 22 have been named Fulbright Scholars.
- Through the state's Endowed Chairs Program, Clemson has recruited five internationally recognized scholars to lead key research areas to stimulate South Carolina's economy and create high-tech jobs.
- Ninety-one percent of seniors say they would choose Clemson again if they were starting over, compared to a peer average of 83 percent, according to the 2009 National Survey of Student Engagement.
- For the third year in a row, Clemson has been named to the President's Higher Education Community Service Honor Roll, the highest federal recognition a college or university can receive for its commitment to volunteering, service-learning and civic engagement. Clemson students contributed more than 126,000 service hours last year.
- The National Research Council ranks 15 Clemson doctoral programs among the top 50 among public universities.
- Clemson students consistently capture intercollegiate championships in academic and club competitions such as the Concrete Canoe, Steel Bridge, Pershing Rifles, Ethics Bowl, Traffic Bowl, Air Rifle and more.
- Clemson alumni rank No. 3 in the nation in alumni support to public universities as measured by alumni giving, according to U.S. News & World Report.
- Fifty Clemson faculty members have been elected Fellows of national or international academic societies since 2000.

Candidates appearing in this program are not certified graduates. Likewise, academic honors designations are based upon performance prior to final grades. Both certification of graduation and honors designations must come from the Registrar of the University.

FIRST AID

A First Aid Station is located at the north entrance.

EVACUATION SYSTEM

Littlejohn Coliseum is equipped with a fire-alarm evacuation system. In the event of activation, as noted by sustained horns and strobe lights, please proceed to the closest available exit. Remain outside the building until fire officials deem the building safe to re-enter.

NO SMOKING

Smoking is prohibited in Littlejohn Coliseum.

- With more than \$233 million in investments, the Clemson University International Center for Automotive Research (CU-ICAR) represents the ultimate public/private partnership where academia, industry and government organizations collaborate to build a knowledge base, create jobs, improve auto safety and add to the economy.
- CU-ICAR was named Outstanding Emerging Science and Technology Park of 2009 by the Association of University Research Parks.
- The University and Greenwood Genetic Center are partners in an effort to find causes and cures for birth disorders and susceptibility to premature birth, hypertension, obesity and diabetes.
- Clemson faculty and students are working with Greenville Hospital System (GHS) clinicians to improve patient care and boost economic development through the state's GHS Innovative Biomedicine and Bioengineering Research and Training Program.
- The Restoration Institute has received a \$45 million U.S. Department of Energy grant, combined with \$53 million of matching funds, to build and operate a wind turbine drivetrain test facility that will move Clemson and South Carolina into the forefront of developing an offshore wind industry.
- The University has 18 partners – private tech-based companies – that have licensed Clemson University intellectual property or are located in University-based facilities.
- Since 2000, Clemson research has generated 830 jobs (not counting Clemson employees), 11 spinoff companies, 87 active patents with 37 licenses generating \$2.8 million a year and \$1.25 billion in research awards.
- Clemson's Institute on Family and Neighborhood Life is home to one of the country's leading anti-bullying experts and a program endorsed by the American Academy of Pediatrics.
- Clemson's Youth Learning Institute reaches more than 26,000 young people annually in more than 80 programs ranging from two-week residential programs to one-day school training. Programs are designed for honor students, special needs youth, foster children and many more.
- Clemson is one of the country's most environmentally responsible colleges, according to "The Princeton Review's Guide to 286 Green Colleges" (2010), due to its commitment to following the U.S. Green Building Council's Leadership in Environmental and Energy Design (LEED®) rating system. Clemson had the state's first public LEED-certified building and the first public LEED Gold-certified building.
- Clemson's engineering program ranks No. 17 in a *Wall Street Journal* 2010 poll of recruiters at 500 large companies.
- Clemson ranks No. 1 in town-gown relations, No. 1 among jock schools, No. 5 with the happiest students and No. 5 where "everyone plays intramural sports," according to *The Princeton Review's "Best 371 Colleges."*
- Clemson's Blue Key is the top chapter in the nation. It was recently recognized for Tigerama, Legacy Day, the Building Histories Project and other distinctively Clemson activities.
